

To Whom It May Concern,

This is to certify that

Kühne, Constantin

attended the ELLIS Summer School on Computer Vision & Machine Learning, organised by the Technical University of Munich, part of ELLIS Unit Munich, held at TUM Campus Garching, Germany, from 15 September to 18, 2026.

The summer school covered current research in Computer Vision, Machine Learning, and Natural Language Processing, combining lectures, a PhD lightning talk session, poster sessions, and a Startup Panel. The program consisted of 20 hours of instruction, delivered by the following speakers, from academia and industry:

- Aykut Erdem, Koç University, Turkey
- Björn Ommer, LMU Munich, Germany
- Christoph Lampert, Institute of Science and Technology Austria, Austria
- Daniel Cremers, Technical University of Munich / SE3 Labs, Germany
- Hinrich Schütze, LMU Munich, Germany
- Kilian Weinberger, Cornell University, USA
- Marc Bürkle, TUM Venture Labs, Germany
- Michael Tiemann, University of Tübingen, Germany / MINERVA European Support Centre
- Shai Ben-David, University of Waterloo, Canada
- Stephan Günnemann, Technical University of Munich / Pruna AI, Germany
- Tinne Tuytelaars, KU Leuven, Belgium
- Verena Albrecht, Munich Centre for Machine Learning / LMU Munich, Germany
- Yuki Asano, University of Technology Nuremberg, Germany
- Zeynep Akata, Technical University of Munich / Helmholtz Munich, Germany

Munich, 18 September 2026

Prof. Daniel Cremers

Chair of Computer Vision & Artificial Intelligence, Technical University of Munich
